EXPLORING A NEW GOVERNANCE TOOL TO DEVELOP THE USE OF SUSTAINABLE LOCAL PIG FEED

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101000852

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101000852

LPS Context

- “Porcs fermiers de la Sarthe” is a collective of over 30 farmers
- The production has been recognized under quality certification “Label Rouge” since 1989 and PGI since 1997
- 80% of the meat is sold to butchers in an area ranging from the pays de la Loire region to the centre of France
- Less than 5% goes to long value chain
- LPS represents 20% of the PGI and Red Label French pork production

This project has received funding from the European Union’s Horizon 2020 research and innovation programme under grant agreement No 101000852

CATTLE FEED MANUFACTURER INTERFACE

- Login Page
- Record livestock feed availability
- Record an inventory change
- Declare a new formulation with % local veg proteins
- Inventory viewer
- Declare rebate conditions
- View LPS livestock feed consumption

BREEDERS INTERFACE

- Login Page
- Production schedule viewer
- Enter a new batch
- Declare a batch ready to go
- Record a mortality
- Declare an antibiotic consumption
- View availability in cattle feed with 100% local veg proteins
- View rebate conditions
- Declare a livestock feed order to come
- View upcoming livestock feed orders
- Déclare available surfaces for selfprod
- Available surfaces for selfprod viewer
